

Do you have Multiple Sclerosis?

Participants are needed for a research study to assess the efficacy and safety of an investigational medication used to treat patients with relapsing –remitting multiple sclerosis.

To be eligible to participate you must:

- Be between the ages of 18 to 55 years old
- Have relapsing-remitting Multiple Sclerosis
- Ambulatory (some assisted devices allowed)
- Be medically stable

If you qualify, you will receive:

- Study related medical care as it relates to the research study (i.e. physical exams, ECGs, MRI, lab, eye exams)
- Study medication
- May be compensated for travel expenses

*For more information about participation in this research study,
please call our Clinical Trials Division:*
