

# **Alzheimer's Disease?**

## **Trouble Sleeping?**

If these apply to you-

- possibly have Alzheimer's disease
- age 55 years or older
- difficulty sleeping at night
- live at home with a caregiver

- ❖ You may qualify to participate in a research study of an investigational medication for disturbed sleep associated with Alzheimer's disease
- ❖ Study-related physician visits, physical exams, memory evaluations and study medication at no cost to you
- ❖ Qualified participants may receive compensation for their time and travel

If you would like more information or think you may be eligible for the study, please contact the physician's office below:
